

Capt. A. E. Smith has announced his candidacy for Justice of the Peace of Edray District. Capt. Smith has been for many years one of the best known citizens of Marlinton, served three years as Mayor of the town and was an efficient officer, executing the law without fear of favor and will command a good big vote in the primary on June 4th.

Our money is going to other localities when you should keep it at home.

For some time to this paper has been a daily two-column manager but the babbling of infant will not impede the progress of the truth or stay the hand of honest toil. The paper stands for the interests of Pocahontas county and the people of Pocahontas county and it stands for the Republican party because it believes that in the Republican party the greatest good can be found for our people and believing this we believe that to stand for an honest principle is only manly.

Sharp for Prosecuting Attorney

In another column of this paper will be found the nomination of H. Sharp for Prosecuting Attorney of Pocahontas county. Mr. Sharp will need but little introduction to the people of Pocahontas county, he being born and raised in the vicinity of Fryer and has spent his entire life in this county, except what time he has been absent attending school.

We know of no one better qualified for the office to which he aspires than Sumners being a good criminal lawyer, honest and above all sincere, three requisites that constitute a lawyer and a man.

Mr. Sharp received his law education at the University of Michigan, which is recognized as one of the best law schools in the country. In commending the candidacy of Mr. Sharp to the voters of this county in the event of his election, we but speak for him an honest, fearless and economical administration in the conduct of his office as Prosecuting Attorney.

mail down in an emergency  
pouch the next morning to  
Marlinton by express. This is  
a service that has long been  
needed for very often the train  
miss connection at Durbin and  
mail is delayed there for 24  
hours, when under the new  
arrangement no time is lost in  
answering mail received off the  
Western Maryland.

Candidates for all offices  
come thicker than hops with  
the thaw out. Paris D. Yeager  
with his brand new paper,  
brand new type (but second  
hand press also) does not seem  
to have gripped the Donkey's  
ear or even caught sight of his  
tail in passing through, but his  
continued attack on the Repub-  
lican press may relieve his  
anatomy to some extent and  
ameliorate his feelings and  
overcome the comfort of the  
prospective jingle, but in the  
end he may haft to crawl off  
the teetering-board and get  
down to good hard ditch work  
with the balance of us poorer  
devils.

large quantities of potatoes out of the county instead of bringing them in.

---

Pocahontas county people should remember that last session of the legislature imposed \$254,000.00 additional tax on the people by making new offices. Laboring men should not forget that to cover this up they cut the janitor's salary at the state house and reduced the pay of a few poor scrub women. Watch Judas kiss the brow of labor while Annias tries to explain the gold on the poor horse's shoulder.

### Ellis Moore Chosen as Deputy.

L. S. Cochran, candidate for sheriff of Pocahontas county, has chosen as his running mate and deputy in event of election Ellis Moore, of Dunmore, Greenbank District. Mr. Moore was born and raised in Pocahontas county has a good education and will make a good deputy sheriff. He is well known throughout the country as a straight-forward business man and a successful farmer, having recently purchased the E. N. Moore farm near Dunmore. By the way this is a \$16000 farm in Pocahontas county on which he expects to reside after his four years as deputy sheriff. Some people can find good land in Greenbank District to cultivate and the people just as congenial as in other parts of the county or in Randolph and Mr. Moore evidently expects to invest his money in a community which has given him support to seek other more favorable climes.
